Oak Ridge Country Club

Oak Ridge Country Club recently completed a comprehensive renovation of its 3,600-square-foot upper-level restaurant as part of a broader \$1.75 million investment in member experience enhancements. Guided by member feedback and aligned with a five-year strategic plan focused on modernization and attracting younger families, the project reimagined the former dining space with a centrally positioned U-shaped bar, refreshed finishes, updated lighting, and all-new interior furnishings. Improvements extended outdoors with a renovated patio featuring new dining and lounge seating, fire tables, enhanced lighting, upgraded audio, and the addition of a grand exterior staircase to improve access and connection to the grounds. A new private dining room overlooking the course further expands the club's hospitality offerings, while select updates to the adjacent lobby complement the refreshed restaurant environment.
